Total experience: 3 Months (Internship)

Ariyalur, Tamil Nadu

Career Objective

I'm a Front-End Developer with a solid background in HTML, CSS, JavaScript, TypeScript, and React.js, along with hands-on experience in TailwindCSS, React-Redux, and Material-UI (MUI). I'm passionate about creating intuitive, responsive interfaces that make for smooth user experiences. I'm excited to bring fresh ideas and practical front-end solutions to a team that values growth and innovation.

Work Experience

Mindreams Infotech Pvt Ltd

Jul 2024 - Oct 2024

Internship

- Developed and Implemented web applications using React and MUI Library
- Proficient in the development of data driven single-page web applications for E-commerce domain projects.
- Keep the code and the features Implemented by the other developers in accordance with the requirements.
- Integrated smooth, responsive animations using an "animation onscroll" package, enhancing user experience with dynamic, scroll-based visual effects.

Key Projects / Involvements

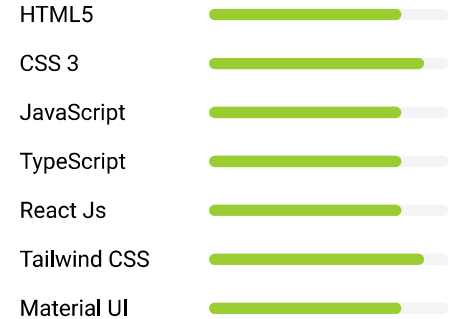

E-Commerce Application

- Developed a custom e-commerce platform using the React and MUI, emphasizing functionality and performance optimization.
- Designed and implemented responsive user interfaces using React Hooks, Material UI components, and CSS/Sass for enhanced user experience.
- Collaborated with cross-functional teams to gather requirements and translate them into technical solutions aligned with project goals.
- Conducted code reviews and optimizations to streamline developme and improve overall project efficiency.

Task Management

- Developed a task management application using HTML, TailwindCSS, React.js, and TypeScript to provide an intuitive and responsive user interface for managing tasks efficiently.
- Implemented state management with React-Redux, ensuring seamless and scalable handling of task data across the application, improving performance and maintainability.
- Designed reusable components following best practices in TypeScript and React.js, enabling a modular and maintainable codebase to enhance future development.
- Optimized user experience with TailwindCSS for responsive design, improving accessibility and ensuring cross-browser compatibility across various device types.

Technical expertise

Skills / Exposure

Redux Toolkit

React-Router-Dom

SASS
